- Working towards a Computational Fine Arts specialization
- Recipient of President's Scholarship for having an admission average of over 90%

## PROJECTS AND ACTIVITIES

Spy School: a multiplayer game – Java

Ongoing

An activity game in which players earn points by playing mini games

- Applied knowledge of GUI to improve User Experience, designed images used within game for aesthetics
- Implemented a leaderboard using file handling (I/O) and sorting algorithms
- Applied error-trapping methods to ensure that program runs smoothly

TravelBuddy: an app for solo travelers – HTML5 & CSS3

Ongoing

App prototype which enables solo travelers to connect with each other

- Learned to build upon other developers' code by modifying template to create website for app prototype
- Ensured proper readability for teammates to build upon
- Designed prototype to pitch and demonstrate app using Sketch and InVision

Participant as Hacker at StarterHacks

March 2017

- Gained experience coding in a team, and dividing and prioritizing tasks
- Understood the importance of team communication and proper code documentation

## VOLUNTEER EXPERIENCE

St. Aloysius Gonzaga Prefect Organization:

Board of Director – Student Voice & Communications Committee

2015 – 2016

- Administered the school's Twitter account, represented student body at monthly parent council meetings, and wrote meeting minutes twice a week
- Designed posters and advertisements (to promote school-wide events) on Adobe Photoshop and Microsoft Publisher, thereby increasing student participation at school events

Saxophone Section Leader of nationally-acclaimed, audition-based jazz ensemble

2013 – 2016

- Organized practice sessions for section and facilitated communication between director and section
- Achieved the highest (gold) standing at the 2016 Humber Next Generation Jazz Festival
